

## Attention Learners!

Dear Pathways Learner,

Thank you for attending the session, **Pathways in Management: Osteoarthritis and Chronic Low Back Pain**, sponsored by the Nurse Practitioner Healthcare Foundation at the NNPS conference on July 18, 2019 in Keystone, Colorado.

As a reminder, here is a link to a variety of **functional assessment tools** you can use to help you assess patients and document practice change:

<https://pathwaysinmanagement.org>

This also provides additional practice resources related to osteoarthritis and chronic low back pain.

Also, **for those who would like additional CE credit**, you are invited to participate in a Functional Assessment "Mini Quality Assessment" activity. You will receive *5 AMA PRA Category 1 Credits* for participating. Simply follow the instructions in the link above under "Improve Your Practice."

Thank you for improving the quality of life for patients with osteoarthritis and chronic low back pain. Your care makes a difference!

*Pam Jenkins, MS, NP*

*Director, Continuing Education*
